

## HIGHLIGHTS

Located just a pleasant unhurried hour's drive from Fort Myers or West Palm Beach, and merely minutes away from U.S. Highway 27, is the Clewiston Golf Course, a beautifully maintained championship 18-hole golf course that is open to the public. Today, golfers can enjoy the same beautiful scenery and challenges golfers experienced in the 1930's. Designed in the great Donald Ross style, the course is a classic and a joy to play. Amenities such as restaurants or lodging at the historic Clewiston Inn or other well-known chain motels are less than five minutes away. This is a favorite course for many fishermen as they can enjoy the renowned bass fishing on Lake Okeechobee and still have time to enjoy a relaxing game of golf with their friends all in one day.

The Golf Course also hosts home matches for the Clewiston, Ahfachkee and Moore Haven High School Golf Teams.

## HISTORY

The course was established in 1929, opened for play on Sunday, February 23, 1929, for a fifty-cent daily fee, or for two dollars per month, the whole family could play. The original course was designed by Stiles and Van Kleeck, golf architects of New York, NY and St. Petersburg, FL, and Captain Deane Duff, general manager of the Clewiston Company, under whose direction the then-new course was constructed. The Clewiston Company was to become the United States Sugar Corporation.

A five-hole course had already been in use at the Clewiston Civic Center Park in downtown Clewiston while the construction was being completed.

The Clewiston News, dated Friday, February 21, 1930, stated that an important feature of the announcement of the opening of the new course was that the nominal green fees had been established to make it possible for everyone in the community to enjoy the course.
